ADDRESS to the PUBLIC

The Proprietor of the following little work has been solicitous to render it as perfect as possible he has carefully marked out the Market & Borough Towns, and the Turnpike Roads.—the Market Towns are distinguished by different print Characters from the others.

To each Map is added an explanation with references to the principal articles contained in it.

Every attention has been paid to Engrave the Plates in a superior manner, and it is hoped this work will be found the best of the kind at present published.
